For Spanish courses not listed here, please consult the UCI general catalogue. Up-to-date information (including tentative schedule of future courses for the entire academic year) is also available at:

**Double majors**

**Maximum Overlap Between Major Requirements:** Students completing double majors within the School of Humanities may count no more than two courses for both majors simultaneously (i.e., a double major in Comparative Literature and Spanish can count only two upper-division Spanish literature courses for both majors).

**Residency requirement for the major**

At least 5 upper-division courses required for the major must be completed successfully at UCI (EAP course work does not meet this residency requirement).

**Spanish 3 Series:  
Prerequisite**

An active prerequisite check system is in place for Spanish 3A or 3B. In order to enroll in **Spanish 3A or 3B**, a student must do one of the following:

- (1) have passed **Spanish 2C, S2BC, or Spanish 2NS** (Native Speakers);
- (2) have scored 110 or higher on the Spanish Placement Test.
