## Blackout Poetry Workshop

Wed, Nov 17, 2021

with Lucid

4-6PM

Libraries Gateway Study Ctr. (LGSC 104)

This workshop welcomes you to come make some poems with us using the technique of blackout poetry. What is blackout poetry? It's when you take a book, newspaper, or magazine and, using a "black" pen, redact selected words to create something new: your poem. Students who participate in the event will receive a free copy of Lucid's second issue: Transitions and Transformations. Students can also stop by to chat with the Lucid team about publishing opportunities in the journal.

one of four workshops co-sponsored by the Humanities Center. For more info [sites.uci.edu/lucid](https://sites.uci.edu/lucid)
