FIRE

OCTOBER 8
& every Thursday after

Is there a philosophy of fire? This online quarter of MoL Lunch will focus on fire in its wide-ranging aspects: as an element, tool, as flaming anger, evil, heat, destruction, renewal, ritual, among many other interpretations. Each week we'll send around something about fire (hopefully provided by you!)—an image, news article, a concept, etc.—to spur our conversation about the Meaning of Life and fire.

WHEN: noon-1:00 pm every Thursday on Zoom

WHERE: ZOOM; Bring your own lunch and log in (come and go as you need) <https://uci.zoom.us/j/98091127287>

WHO: Anyone! Students, faculty, staff—interested in the intersection of fire, philosophy, society, ecology, religion & meaning. No preparation needed to attend.
